

# Today's connected generation of children have access to more information than ever.

Keep them safer with Norton LifeLock Benefit Plans.

90% of Americans believe most children are addicted to screens.<sup>1</sup>

84% of Americans believe it is absolutely essential or very important for parents to teach their children about Cyber Safety and how to protect your information online.<sup>1</sup>

## Norton Parental Control

Help protect your children from online dangers by monitoring, setting limits and blocking inappropriate content.\*\*

## Child Credit Freeze

Security freezes help you to restrict fraudsters who may attempt to open a new account using your child's identity.

## School Time

Parents can manage their child's remote learning environment and keep them focused on schoolwork during the school day.\*\*

## Dark Web Monitoring Gamer Tags

Add up to 10 gamer tags in your member portal, and we'll notify you if they are found on the dark web.

No one can prevent all cybercrime or prevent all identity theft.

\*\* Norton Parental Control can only be installed and used on a child's Windows PC, iOS and Android devices but not all features are available on all platforms. Parents can monitor and manage their child's activities from any device – Windows PC (excluding Windows 10 in S mode), Mac, iOS and Android – via our mobile apps, or by signing into their account at [my.norton.com](https://my.norton.com) and selecting Parental Control via any browser.

<sup>1</sup> - Based on an online survey of 1,003 adults aged 18+ in the United States. Conducted by The Harris Poll on behalf of NortonLifeLock, between May 20 through June 8, 2021.
