

REPORT A LIFE EVENT

What Is A Life Event?

A Life Event, otherwise known as a Qualifying Life Event or QLE, is an event that when it occurs, allows you to make changes to your benefits. Below are examples of QLEs.

- Marriage
- Birth or adoption
- Attainment of legal guardianship
- Divorce or annulment
- Loss of spouse's job
- Becoming eligible for Medicare
- Loss of dependent status
- Death of a spouse or dependent
- Gain/loss of Medicaid or CHIP

Through the Online Benefits Center, you can quickly and easily report your QLE and make allowable dependent/benefit changes. **Please keep in mind:**

- You will only be allowed to make changes that are consistent with the QLE you are reporting.
- You must report your QLE and provide the supporting documentation within the specified timeframe – 31 days (or 60 days if related to Medicaid or CHIP coverage changes).

To get started, follow the steps below and on the following page. If you need any help along the way, please contact the Employee Benefits Center at 1-800-307-0230.
