

## Maximize Your Benefits With Preventive Incentive®

Who wants the hassle of rollovers, savings accounts or benefits tracking? Preventive Incentive is one way that you can easily stretch your benefit dollars, so you can use them for other covered services. This innovative plan feature is one way that we incentivize you for keeping your mouth healthy. Use this plan feature to get the most out of your dental insurance.

### How it works:

With Preventive Incentive, covered diagnostic and preventive dental services don't get applied to your annual plan maximum. Depending on the plan design, these services may include cleanings, exams, X-rays, fluoride treatments and more. It's available from day one—no waiting until the next plan year.
